The following is an examiner's statement of reasons for allowance: The prior art of record discloses various printers with differing gap regulating members for the reduction of abrasion to a photosensitive drum. However, no prior art of record disclosed two pairs of regulating members in which the positions at which they touch the photosensitive drum to be at different longitudinal locations from one another. This, in combination with the other claimed aspects of the invention, has not been taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
